## Authorization for Treatment of Minors During the Absence of the Parents

Dear Parents,

The mission of the Shelby Children's Clinic is to provide our patients with the highest quality of medical care. This includes the medical protection for your children in case you are not able to bring them to the clinic for their medical appointment.

It is our policy to require the presence of a parent, guardian or an authorized responsible adult during the child's examination, so please take the time to fill out this form. The person designated by you has to be at least 18 years old and will need to bring this form and a valid ID to the clinic in case your children need medical care during your absence. It is extremely important that you update your demographic information when changes are needed, as it is imperative that we are able to reach you if the need arises.

Thank you for your attention to this very important matter. We look forward to continue serving your children's medical needs in the future.
