2017 PHONE-A-THON FUNDRAISER A RESOUNDING SUCCESS!

For three nights in April, offices throughout CCHS were full of students (pictured above) from 6 to 8 p.m. each evening. Students were treated to dinner and a brief training session, then hit the phones, where they practiced saying, with a smile, "Can we count on you for a gift this year?" To their surprise, many alumni said YES! Pledges are still coming in, but at last count the proceeds - which support college programs, equipment and scholarships - totaled over \$19,000. While four students topped the fundraising charts and won nightly prizes (Vanessa Vosteen-Rivera, Kailey Simpson, Alley Rick, Laura Bollinger) each and every student volunteer was considered the secret to this year's success! Congratulations and thank you ALL for your help and support of the 2017 Phone-a-thon. Whether you were a volunteer student caller, a volunteer team captain, a runner, floater or any other event volunteer ...your support was invaluable!

If you are taking a full-semester course this summer, take advantage of any review sessions offered for your course(s), and be prepared to make changes at the first signs of difficulty. See Sam Smith to discuss your plan for success.

For more success/study tips, check out the Student Success Center page on the Information Portal.

COMPLIANCE CORNER - Maintaining Canopy Access

Carolinas HealthCare System (CHS) has an Electronic Medical Record (EMR) system in place that is a standard for safer and more efficient patient care. Not only is patient information protected with our EMR system, Canopy, but it is readily accessible to healthcare providers participating in patient care. Canopy training and access to the system is provided to CCHS students along with a login and password when they begin clinical work with CHS.

As students engaging in use of Canopy, it is important to maintain access to your Canopy login throughout your time in school. If you are consistently in clinical rotations and actively using your login, you should not have an issue and will be prompted periodically to update your password. If you are off for the summer months, or have semesters where you are not actively using Canopy, it is important that you periodically log into Canopy via a school/system computer to Web Apps to ensure your login remains active. For security reasons, IS has a policy to terminate accounts that are dormant so this could impede your use of Canopy when you need it.

Periodically logging into Canopy via school/system computers to Web Apps to maintain account activity does not constitute permission to access patient information, it is simply a method to maintain account activity.

Chaplain's Grand Rounds - Compassion and Medicine. May 18, Noon to 1 p.m. Held in the Suzanne Freeman Auditorium (at top of Loop Road turn right toward loading dock then left into Cannon Research Building). The theme of this series calls for the exploration of how compassion is healing for those who receive it as well as for those who offer it. Compassion is an antidote to burnout when caregivers offer it to others, receive it from others, and practice self-compassion in their own lives. This series aims to affirm that while modern day medicine continues to demonstrate breakthroughs in healthcare, the place of love and compassion in the healing spaces cannot be underestimated. This month's speaker is David Fisher, MD; topic is Compassion as Antidote to Burnout. Bring your lunch!
