SPECIALTY OF PEDIATRICS

Print Name _____

	YES		NO*	I have participated in direct patient care in the hospital setting and/or outpatient practice setting within the past two (2) years.
--	-----	--	-----	--

***If the answer is "No", please do not complete this form. Contact the Medical Staff Office at (704) 355-2147 for additional instructions regarding the required proctoring process.**

- Initial appointment Reappointment Updated DOP Request for Clinical Privileges

To be eligible for core privileges in Pediatrics, the applicant must meet the following qualifications:

- If the applicant is not currently certified in Pediatrics by the American Board of Medical Specialties (ABMS) or the American Osteopathic Association (AOA) the applicant must:
1. Provide documentation of successful completion, within the past five (5) years, of an ACGME or AOA accredited residency training program in Pediatrics; **AND**
 2. Demonstrate sufficient experience in Pediatrics skills to safely undertake the full spectrum of the Pediatric procedures being requested. Experience must include evidence of current inpatient clinical competence during the past two (2) years, when applying for CPED-1, 2, 5, and 7. Applicants have the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, and other qualifications and for resolving any doubts; **OR**
 2. Demonstrate sufficient experience in Pediatrics skills to safely undertake the full spectrum of the Pediatric procedures being requested. Experience must include evidence of current outpatient or consultative clinical competence during the past two (2) years, when applying for CPED-4. Applicants have the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, and other qualifications and for resolving any doubts.
- If the applicant is currently certified in Pediatrics by the American Board of Medical Specialties or the American Osteopathic Association (AOA), the applicant must:
1. Provide documentation of general pediatric certification from the American Board of Medical Specialties or the American Osteopathic Association (AOA); **AND**
 2. Documentation of the evaluation and management of at least twenty-four (24) pediatric inpatients during the past two (2) years, when applying for CPED-1, 2, 5, and 7; **OR**
 2. Provide documentation from the Applicant's outpatient practice setting or consultative services for at least twenty-four (24) patients during the past two (2) years, when applying for CPED-4.

Print Name

- If the applicant is currently subspecialty certified in Pediatrics by the American Board of Medical Specialties or the American Osteopathic Association (AOA), and is applying for any of the subspecialty privileges (not general pediatrics) the applicant must:
 1. Provide documentation of pediatric subspecialty certification or certification of special qualifications by the subspecialty program director or from the American Board of Medical Specialties or the American Osteopathic Association (AOA); **AND**
 2. Documentation of the evaluation and management of at least twenty-four (24) pediatric inpatients during the past two (2) years, when applying for CPED-1, 2, 5, and 7; **OR**
 2. Provide documentation from the Applicant's outpatient practice setting or consultative services for at least twenty-four (24) patients during the past two (2) years, when applying for CPED-4.

- Atrium Health Kings Mountain applicants may be eligible for Pediatrics privileges by meeting the following qualifications:
 1. Documentation of the evaluation and management of at least twenty-four (24) pediatric inpatients during the past two (2) years, when applying for CPED-1, 2, 5, and 7; **OR**
 1. Provide documentation from the Applicant's outpatient practice setting or consultative services for at least twenty-four (24) patients during the past two (2) years, when applying for CPED-4.

Print Name _____

NOTE 1: Physicians must apply for "CORE" privileges in order to be eligible for clinical privileges in the specialty of Pediatrics at any facility within Atrium Health.

NOTE 2: "CORE" privileges cannot be amended or altered in any way.

NOTE 3: Please note that the exercise of certain privileges enumerated herein is necessarily limited by the operational, and resource constraints of the facility. All procedures must be performed within a clinical setting with the capabilities and organizational structure required to provide appropriate support.

Please check appropriate blocks when applying for privileges:

CMC	Pineville	University	CR	Lincoln	NorthEast	Union	Stanly	Anson	Cleveland	Kings Mountain		GENERAL PEDIATRICS STANDARD CORE PRIVILEGES
			N/A								CPED-1	Term Newborn Nursery Core Privileges (CPED-5) are included when the applicant applies for and maintains General Pediatrics Standard Core Privileges (CPED-1). Evaluate, diagnose, treat and provide consultation to patients from birth to young adulthood with acute and chronic diseases including major complicated illnesses. Assess, stabilize, and determine disposition of patients with emergent conditions. The core privileges include procedures that are extensions of the same techniques and skills.

General Pediatric Standard Core Privileges include medical management and or consultation as requested by other physicians; perform history and physical examinations; interpretation of routine laboratory; preliminary interpretation of radiographic studies, dictation and record keeping; burns, superficial and partial thickness; placement of anterior or posterior nasal hemostatic packing; lumbar puncture; incision and drainage of a superficial abscess, local anesthetic techniques; suture uncomplicated lacerations; neonatal intubation; umbilical line placement; intraosseous needle placement; delivery room management; neonatal resuscitation;

NOTE: General Pediatric Standard Core Privileges (CPED-1) extends the provision of care in the neonatal, pediatric and cardiovascular critical care settings provided the intensivist serves as the attending at all times.

Maintenance Criteria for Continued Privileges (CPED-1):

For any privileges that are granted during initial credentialing, the Practitioner must perform a minimum of ten (10) representative samples of General Pediatric Standard Core privilege elements or provide inpatient or consultative services for at least ten (10) General Pediatric patients over a two (2) year period to be eligible to reapply for General Pediatric Standard Core privileges. This will be reviewed at the time of reappointment. Physicians who would like to continue to hold any General Pediatric Standard Core privileges (CPED-1) but are unable to document the minimum number will be requested to voluntarily withdraw their request for such privileges and to complete the necessary proctoring forms.

CPED-3 PEDIATRIC CRITICAL CARE MEDICINE CORE PRIVILEGES:

In order to apply for these privileges the applicant must provide documentation of the following:

- If the applicant is not currently subspecialty certified in Critical Care Medicine by the American Board of Medical Specialties (ABMS) or the American Osteopathic Association (AOA) the applicant must:
 1. Provide documentation of certification in Pediatrics; **AND**
 2. Provide documentation of successful completion of a three (3) year ACGME or AOA accredited Critical Care Medicine Fellowship training program, within the past five (5) years; **AND**
 3. Verification from the fellowship program director that the Applicant successfully completed the program. Experience must include evidence of current clinical competence during the past two (2) years. The Applicant has the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, and other qualifications and for resolving any doubts.

OR

- If the applicant is currently subspecialty certified in Pediatric Critical Care Medicine by the American Board of Medical Specialties (ABMS), the applicant must:
 1. Provide documentation of subspecialty certification in Pediatric Critical Care Medicine from the American Board of Medical Specialties (ABMS) or the American Osteopathic Association (AOA); **AND**
 2. Verification from the Department Chief where the Applicant most recently practiced documenting that the Applicant has provided inpatient critical care or consultative services for at least sixty (60) patients during the past two (2) years. The Applicant has the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, and other qualifications and for resolving any doubts.

CPED-3(c) EXTRACORPOREAL MEMBRANE OXYGENATION (ECMO) MANAGEMENT

SHORT DEFINITION: ECMO is the specialized technique of mechanical extracorporeal cardiac and/or respiratory support for patients with life-threatening failure of heart or lung function.

SKILLS AND TRAINING NEEDED:

1. Provide verification from the fellowship program director that the Applicant has been trained in ECMO and has participated in the management of four (4) cases within the past two (2) years;

OR

1. Provide documentation of certification of attendance at an ECMO Management Course indicating the completion of didactic and simulation training exercise within the past two (2) years; **AND**
2. Upon documentation of above, the Applicant must complete the Permission to be Proctored Request Form requesting to be proctored for four (4) cases of active ECMO management;

OR

1. Provide verification from the Chief/Chairman of the Applicant's Department that the Applicant has performed active ECMO management within the two (2) years; **AND**
2. Provide case log documentation of successful active ECMO management of four (4) cases within the past two (2) years.

CRITERIA FOR MAINTENANCE OF PRIVILEGES (CPED-3(c)):

The Physician must provide documentation of ECMO management of two (2) cases over a two (2) year period to be eligible to reapply for ECMO privileges. This will be reviewed at the time of the physician's reappointment. Physicians who would like to continue to hold ECMO privileges but are unable to document the minimal number will be requested to voluntarily withdraw their request for the privilege and submit a Request to Be Proctored Form.

CPED-4(a): INTRAUTERINE DEVICE (IUD) PLACEMENT AND REMOVAL

DEFINITION: An Intrauterine Device (IUD) is a small T-shaped plastic device that is placed in the uterus to prevent pregnancy. A plastic string is attached to the end to ensure correct placement and for removal. IUDs are an easily reversible form of birth control and can be inserted at any time during the menstrual cycle provided the patient is not pregnant. Before insertion, a bimanual examination and a sounding of the uterus are necessary to determine the uterus position and the depth of the uterine cavity. The IUD is inserted into the uterus according to individual protocols, with the threads cut at a length to allow the patient to check the position of the device.

SPECIFIC SKILLS AND TRAINING REQUIRED:

1. Apply for and meet the necessary criteria to be granted privileges for General Pediatrics Outpatient Core privileges (CPED-4); **AND**
2. Provide documentation of two (2) IUD Placements and two (2) IUD Removals services in adolescent patients during the past two (2) years; **OR**
2. Complete the PERMISSION TO BE PROCTORED REQUEST FORM, requesting to be proctored for two (2) IUD Placements and two (2) IUD Removals by someone who is currently credentialed in IUD Placement and Removal. It is noted that should an Applicant wish to obtain IUD Placement and Removal via this method, the Applicant will withdraw their request for this privileges until the proctoring is completed. Upon completion of the proctoring form, the Appointee will submit the completed proctoring reports along with an updated Delineation of Privileges Form requesting to perform the privileges independently.

OTHER CRITERIA: Placement of IUD for contraception under standard procedure guidelines with time out as used for other long acting reversible contraception (LARC) such as subcutaneous contraception. The performance of these procedures should include patient selection and requires the ability to measure uterine length with appropriate equipment and use of placement device which is packaged with IUD from manufacturer.

MAINTENANCE CRITERIA FOR CONTINUED PRIVILEGES (CPED-4(a)):

The Physician must provide documentation of IUD Placement and Removal of four (4) cases over a two (2) year period to be eligible to reapply for privileges. This will be reviewed at the time of the physician's reappointment. Physicians who would like to continue to hold privileges but are unable to document the minimal number will be requested to voluntarily withdraw their request for the privilege and submit a Request to Be Proctored Form.

CPED-4(b): LONG ACTING SUBDERMAL CONTRACEPTION INSERTION AND REMOVAL

SPECIFIC SKILLS AND TRAINING REQUIRED:

1. Apply for and meet the necessary criteria to be granted privileges for General Pediatrics Outpatient Core privileges (CPED-4); **AND**
2. Provide documentation of two (2) Placements and two (2) Removals services in adolescent patients during the past two (2) years; **OR**
2. Complete the PERMISSION TO BE PROCTORED REQUEST FORM, requesting to be proctored for two (2) IUD Placements and two (2) IUD Removals by someone who is currently credentialed in Long Acting Subdermal Contraception Placement and Removal. It is noted that should an Applicant wish to obtain Long Acting Subdermal Contraception Placement and Removal via this method, the Applicant will withdraw their request for this privileges until the proctoring is completed. Upon completion of the proctoring form, the Appointee will submit the completed proctoring reports along with an updated Delineation of Privileges Form requesting to perform the privileges independently.

MAINTENANCE CRITERIA FOR CONTINUED PRIVILEGES (CPED-4(b)):

The Physician must provide documentation of Placements and Removals of four (4) cases over a two (2) year period to be eligible to reapply for privileges. This will be reviewed at the time of the physician's reappointment. Physicians who would like to continue to hold privileges but are unable to document the minimal number will be requested to voluntarily withdraw their request for the privilege and submit a Request to Be Proctored Form.

CPED-7(b): EXTRACORPOREAL MEMBRANE OXYGENATION (ECMO) MANAGEMENT

SHORT DEFINITION: ECMO is the specialized technique of mechanical extracorporeal cardiac and/or respiratory support for patients with life-threatening failure of heart or lung function.

SKILLS AND TRAINING NEEDED:

1. Provide verification from the fellowship program director that the Applicant has been trained in ECMO and has participated in the management of four (4) cases within the past two (2) years; **OR**
1. Provide documentation of certification of attendance at an ECMO Management Course indicating the completion of didactic and simulation training exercise within the past two (2) years; **AND**
2. Upon documentation of above, the Applicant must complete the Permission to be Proctored Request Form requesting to be proctored for four (4) cases of active ECMO management;

OR

1. Provide verification from the Chief/Chairman of the Applicant's Department that the Applicant has performed active ECMO management within the two (2) years; **AND**
2. Provide case log documentation of successful active ECMO management of four (4) cases within the past two (2) years.

CRITERIA FOR MAINTENANCE OF PRIVILEGES (CPED-7(b)):

The Physician must provide documentation of ECMO management of two (2) cases over a two (2) year period to be eligible to reapply for ECMO privileges. This will be reviewed at the time of the physician's reappointment. Physicians who would like to continue to hold ECMO privileges but are unable to document the minimal number will be requested to voluntarily withdraw their request for the privilege and submit a Request to Be Proctored Form.
