COVID-19 Vaccine FAQs

FAQs

The Importance of Vaccination

01

Why does there seem to be such a push to get as many people vaccinated as quickly as possible?

FAQs ***Efficacy***

02 *How long will it take for the vaccine to protect me against COVID-19?*

03 *Why is it important for me to get both doses of the vaccine?*

04 *If I've already had COVID-19, will I still need to get the vaccine?*

05 *Once vaccinated, do I still need to wear a mask, social distance and regularly wash my hands?*

FAQs ***Efficacy***

06 *Is there a chance I could contract COVID-19 even after I'm vaccinated?*

07 *Can children get the COVID-19 vaccine?*

08 *After employees are vaccinated, do they still need to quarantine if they are exposed to a COVID-19 positive individual?*

FAQs ***Efficacy***

09 *Does the vaccine offer protection against the new COVID-19 variants that are circulating?*

10 *Will I need to get the COVID-19 vaccine every year?*

11 *Is there a way I can support vaccine research efforts?*

FAQs **Safety**

12 *Can you get COVID-19 from the vaccine?*

13 *The COVID-19 vaccine was approved more quickly than other vaccines. Is it safe?*

14 *Does the vaccine alter your DNA?*

FAQs

Side Effects

- 15** *What types of side effects can I expect?*
- 16** *What percentage of people have side effects afterwards, including anaphylaxis?*
- 17** *How long do side effects last on average?*

FAQs

Vaccination at Atrium Health

18 *What is the best way to go about getting vaccinated?*

19 *How much does the vaccine cost?*

20 *Will Atrium Health vaccinate out of state residents?*

FAQs

Vaccination at Atrium Health

21 *If I get my first vaccine dose somewhere else, can I get my second dose at Atrium Health OR vice versa?*

22 *Does Atrium Health have any plans to expand vaccination sites?*
