

National Healthcare Decisions Week – April 15-19, 2019

Who will decide if you can't?

It's never too early to make your healthcare wishes known.

Did you know?

90% of people say that talking with their loved ones about end-of-life care is important...
27% have actually done so.

Start the conversation now. See the back for event locations.

What's an advance directive?

An advance directive is a written record of your medical choices. It helps communicate your healthcare wishes to your loved ones if a sudden accident or serious illness leaves you unable to speak for yourself.

Start the conversation to ensure that your care is your choice.

Stop by an Atrium Health event during National Healthcare Decisions Week, April 15-19, 2019, for free guidance about advance directives from an advance care planning expert, including how to:

- Choose who will speak for you
- Talk to your loved ones about your wishes
- Complete your advance directive forms
