GRADUATION HIGHLIGHTS

Congratulations to the 74 histotechnology, medical laboratory science, nursing and surgical technology students who graduated on December 12, featuring Dr. Grace Sotomayor - Carolinas HealthCare System's Chief Nursing Executive, Central Division - as keynote speaker.

As of January 1, 100% of the Histo and MLS students had taken and passed their certification exam on the first attempt! That's a mind-blowing 19 graduating MLS cohorts in a row to hit 100%! Special thanks to the eight students selected as graduation marshals: Joseph Brawley, Karen Green, Michelle Kemp, Hana Munkittrick, Miles Nelson, Hallie Sanchez and Katelyn Sumner and to Julie Martinat, Chief Marshal, who carried the college flag in the processional. Marshals are selected on the basis of outstanding academic achievement.

WELCOME NEW AND RETURNING STUDENTS

The College welcomes 130 new students today and is proud each chose CCHS for their healthcare education. Interesting tidbits about them:

- ✎ Students in this class hail from all over the United States and beyond. States represented include West Virginia, Arizona, Michigan, Alabama, Pennsylvania and Michigan, one student is from South Korea!
- ✎ One new nursing student is the daughter of Ann Keathley, a teammate in the CCHS business office. Christi is the second of Ann's two daughters to earn admission to CCHS!
- ✎ There will be two April Davis' in the building; one a new student; one a nursing instructor!
- ✎ 28 of the new Nursing students and all Histotechnology and Medical Lab Science students enter having already earned a bachelors degree or higher in another discipline.

FLU SEASON IS HERE - WHAT'S THAT MEAN FOR YOU?

Flu season is officially here, as announced by the Carolinas HealthCare System (CHS) epidemiologist on December 19. That means the Seasonal Influenza Mask Policy is in effect. To provide safety to patients, students, teammates, and visitors, the flu immunization is required of all students and teammates unless they submitted a medical or religious exemption form. Those with an exemption are required to wear a surgical mask when within six feet of a patient in designated areas. (Masks are not required in public areas such as lobbies, hallways, and cafeterias.) Students may obtain the influenza vaccine at no charge at a CHS Teammate Health location. The nearest one is in "The Annex" - across from the CMC Emergency Department entrance.

Students/teammates with exemptions may be asked by patients about their mask. The Service Excellence response is simple, "Masks are worn for your safety and to prevent the spread of the flu." Also to curb transmission, no visitors under 18 are allowed at CMC or other CHS hospitals.

Flu season can last as long as 12 weeks. Students and teammates will be notified when the season officially ends. Meanwhile, direct flu-related questions to the Dean of Students at Hampton. Hopkins@CarolinanCollege.edu or the Flu Campaign Ambassador at Kristi.Williams@CarolinanCollege.edu.

STUDENT OF THE MONTH - HANNAH SHELTON

Hannah Shelton is the January Student of the Month. A graduate of Porter Ridge High School, Hannah came to the college through the CRIBN Nursing Program, a partnership with UNCC which provides dual enrollment at both CCHS and the University. Hannah was nominated for the award because she is “always eager to assist with projects, big or small. Hannah was instrumental in recruiting volunteers and leading the Student Ambassadors as they welcomed new students prior to orientation. She consistently demonstrates her passion for the nursing program and the college.” Hannah is a busy lady - in addition to her studies and working as a Work-Study Student (primarily in Student Services), she is a live-in nanny to two boys ages 5 and 3. Congratulations, Hannah! As a Student of the Month, Hannah receives a certificate of recognition and will be coded for the most coveted award of all: V-Lot parking at CCHS for a month! Want to recommend someone for consideration as Student of the Month? See Joy Godwin, receptionist, for a nomination form.

OPEN FORUM WITH PRESIDENT SHEPPARD

CCHS students have many opportunities for input into college decision making: service on college committees, end-of-course surveys, suggestion board (across from classroom 161), SGA opinion polls, etc. One of the most significant is the monthly President’s Forum. Attend, and let your voice be heard! Dr. Sheppard will be available Monday, **January 12**, room 233, 10 to 10:45 a.m. and Thursday, **January 22**, room 137, 2 to 2:45 p.m. If you are unable to fit this into your schedule, no problem! Stop by her office (Room 110) or shoot her an email: Ellen.Sheppard@CarolinasCollege.edu. As a result of a recent Open Forum, loaner umbrellas will now be stocked in the lobby. (See article on page 6.)

GRADUATING ANYTIME IN 2015? BE HERE FEB. 3 or 4 FOR FREE PORTRAIT

All students graduating in May, August, or December of 2015 will have their portraits made Tuesday or Wednesday, **Feb. 3 & 4** between 9 a.m. and 4 p.m. This is the only time all year the photographer is on campus. The sign-up sheet is in the College lobby. CCHS makes a large composite photo of the class, and graduates get a free 11 X 14 souvenir copy as well as two individual shots, ideal for licensure exam applications. The enormous composite hangs in the lobby for a year; a smaller version hangs in the College portrait hall forever. There is no cost to you for any of this, though you may purchase additional photo packages if you wish. Don’t miss out on this great opportunity, compliments of CCHS.

TEAM MEMBER SPOTLIGHT - DR. JANE BINETTI

Dr. Jane Binetti

Originally from Boston, Jane began her nursing career in 1980 when she graduated from Seton Hall University, College of Nursing, in New Jersey. She returned to her native Boston to work at New England Deaconess Hospital on a floor of rare diseases and undiagnosed syndromes. After marrying in 1981, she moved to the New York area and began working in critical care which would become her area of specialty. Jane incorporated her love of adult health nursing with her love of teaching and eventually opened a company that incorporated the two. Jane provided healthcare education to nurses by way of continuing education, to hospitals by providing in-service education, and to nursing agencies and corporate businesses by tailoring educational offerings to meet their needs. After moving to Charlotte with her family in 2002, Jane put her Master of Nursing in Science degree to use by joining the faculty of CCHS, first as a part-time clinical instructor in NUR 202, and then as full-time faculty in NUR 152. She earned her Doctorate of Nursing Practice from Duquesne University in May 2014. Jane and her husband Pat have three sons - Patrick, Mark and Michael. Jane’s CCHS office is in Room 129; stop by and say hello (preferably in your best Boston accent!)

PHONE-A-THON: IT’S RIGHT AROUND THE CORNER

You can’t beat this opportunity to engage with the College and its alumni, to help fund the CCHS endowment and to win prizes! CCHS has a rich history of alumni interaction - like when alumni help fund the endowment via the annual phone-a-thon. Each evening Monday, **March 23**, through Wednesday, **March 25**, students from each program volunteer for the alumni phone-a-thon. There is training at 5:15 p.m. each evening; calling begins at 6:00 p.m. Dinner is provided for volunteers each evening. Last year was a great success and we’ll have another great year with YOUR help! Contact Ruthie Mihal, Coordinator of Alumni Relations and Development, at 704.609.1542 or Ruthie.Mihal@CarolinasHealthcare.org to volunteer.

STOP THE PRESSES! A NEW CCHS PRINTING PRACTICE BENEFITS STUDENTS

Well, the presses aren't completely stopping, but the faculty have made some changes that will assist students and ease printing demands in the computer lab...

Each semester, students pay a technology fee that covers the cost of things like printing, but also covers more global (and costly) expenses such as the college information portal - Moodle, classroom technology, computer lab equipment, and technical support. Students also pay a course packet fee if the classes in which they are enrolled provide course resources in a printed packet. The Learning Resources Committee (LRC) has received valuable feedback from numerous students regarding printing issues in the labs. More specifically, students wanting all necessary course materials on the first day of class were printing numerous course documents during the first week of classes. This created high printing demand at that time, sometimes leading to printer malfunctions. To ensure that both the technology and course packet fees provide students access to the resources they need to be successful (printing when needed and course materials), and in response to student feedback, the LRC made the recommendation that faculty place many necessary course materials (such as course syllabi) into the course packets they provide each semester. The faculty agreed and have updated course packets. If a course provides a packet of materials, students will receive those at the start of the semester and will not need to print out many of the needed materials for the course at that time. This change should give students the needed printed materials for their courses while also easing the demands on printers at the start of semesters.

DEAN'S LIST

Congratulations to these exceptional students, named to the Dean's List based on Fall 2014 grades. The criterion for Dean's List is a GPA of 3.50 or higher when enrolled in at least 6 semester hours of course-work.

NEED A QUIET PLACE TO STUDY? (Reserve many of these through Joy at the front desk)

- ☞ Nine study carrels near Room 122-A are first come, first served. Remember to turn off the lights when done.
- ☞ Weather nice? Try the gazebo or tables in the courtyard, the three tables & benches in the pavilion at the side of the College (ask Joy), or the two tables & benches to the left of the main entrance.
- ☞ Rooms 231, 232 & 233 are quiet study areas, though they may occasionally be reserved for small course groups and individual testing. Anatomical models & text resources are maintained in room 231 for your reference. They're called the Quiet Study Rooms, and they're for YOU!
- ☞ Room 137 is available for quiet student study, though occasionally committees take priority.
- ☞ Six tables in break room (with refrigerators, next to Classroom 161) allow for semi-quiet study.
- ☞ Any classroom not in use may be used for quiet study or group work, though you'll need to vacate if a class is scheduled to meet. Exceptions: Room 201 and 223, which are nurse anesthesia rooms.
- ☞ The computer lab and computer annex (Rms. 153 and 154) are available 24/7 with badge access.
- ☞ The AHEC Library (Medical Education Building) provides multiple quiet spaces 24/7 for students. The building is badge accessed after 4 p.m. Take the elevator to the 2nd floor and turn right. Medical students and medical residents share this resource with CCHS students.
- ☞ And last but not least, the Student Success Center in room 214 is an excellent place for quiet study, tutoring, and small group work.

FROM THE BUSINESS OFFICE

For your tax return, 1098-T reports detailing your educational expenses at CCHS in 2014 will be available via Sonis starting **January 31**; a hard copy is also mailed to your home. To assure the college has your current mailing address, check on Sonis, or with Sue Roux, registrar, or Joy Godwin, receptionist. Need help using SONIS? See Kisha in the Computer Lab.

FACILITY IMPROVEMENTS

As a result of your feedback, these improvements have been made in classrooms and labs to kick-off the spring semester:

- ☞ Sinks were replaced over the holidays in the three primary restrooms.
- ☞ Reduced seating to improve sightlines and make the room more comfortable (240, 219).
- ☞ Added a portable whiteboard for simultaneous use with the projection system (240).
- ☞ Replaced the eyewash stations in the science labs with NEW ones to enhance accessibility in the event of an emergency (144, 146).
- ☞ Repositioned clocks for better visibility (157, 219).
- ☞ Upgraded the door handles and locks to make the space safer by being able to lock from inside the room (154, 174, 255).
- ☞ Replaced a broken blind (240).
- ☞ Replaced door handles and locks on 13 offices/room to allow occupants to lock the door from within in the event of an emergency. This is a best practice for colleges, and the Environment of Safety Committee strongly encouraged these upgrades.

While much of this is a result of your direct feedback, none of this would be possible without our continued strong relationship with Carolinas HealthCare System (CHS). CHS and our management company, Lincoln Harris, work closely with us to ensure our building is maintained and improved as necessary so that we will continue to be the region's BEST choice for healthcare education!

IT'S A MATTER OF SAFETY...

The holiday break is over and the New Year's challenges lie just ahead. To get things off to a good "Safety Start" the CCHS Safety Committee offers these reminders about ID badge compliance.

Wear your photo ID badge at all times when working, studying, or anytime you're at the college, at any of the CHS facilities, or on the grounds, including during classes and clinical rotations. The badge must be displayed at chest level or above with the photograph facing outward so it is visible. If you forget and leave your ID badge at home, you must pick up a "temporary" badge from the CCHS front desk. If you have any questions about ID badge policies, please contact any member of the student services department.

IT'S SNOWING - DO YOU KNOW WHAT TO DO?

When inclement weather requires the delay or closing of the college, that status will be announced on the college's inclement weather hotline (704.446.7854), on the Information Portal, and with local television and radio stations. If a delayed opening is announced, count the delay from 8:00 a.m. So if there's a 2-hour delay, the college will open at 10:00 a.m. **Pop Quiz:** Your class regularly meets 9:00 - 11:00 a.m. on a day the college is on a 2-hour inclement weather delay....what do you do? **Answer:** If you can do so safely, come at 10:00 a.m. Your class will meet for just one hour. But always let safety be your guide.

WOW - THESE FOLKS WERE A—MAZ—ING!

Part of a culture of excellence is recognizing others. CCHS does that with Student of the Month, Outstanding Educator, Thank You Notes and lots more. But the easiest and quickest is writing a WOW card and putting it in the WOW box in the college lobby. The following CCHS students or teammates were recognized recently:

Students:

Nursing: Christina Alfano, Lisa Brians, Meg Jones, Jamie Michetti, Hannah Shelton & Ellen Weddington

Faculty/Staff...

Business Office: Ann Keathley

Nursing: Susan Bass, Jane Binetti & April Davis

Student Services: Joy Godwin & Chrisanne Rancati

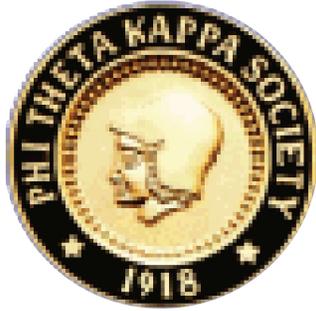

Radiologic Technology: Jodie Huffstetler & Cathey Miller

Take time today to recognize those who make your journey easier. The WOW box is in the lobby.

YOU ASKED FOR IT...LOANER UMBRELLAS!

At a fall semester Open Forum, students shared with Dr. Sheppard their wish for a covered walkway or shuttle service between the MMP parking deck & the college. Realizing that wasn't feasible, they then brainstormed for alternate solutions. One root cause of dissatisfaction, it turned out, was that when a surprise rain begins during the school day, students get wet walking to their cars. Even though half the route can be taken indoors, there's no way to avoid some exposure. Dr. Sheppard pondered that then suggested a simple solution: loaner umbrellas. Effective immediately, a standard cache of half a dozen white umbrellas will be kept in the umbrella stand in the front entryway. Students may borrow those as needed. The College's only request is a timely return, so there will be umbrellas for students tomorrow. Thanks, students, for the suggestion and for making CCHS be the best it can be!

CCHS students often demonstrate their caring and commitment to the community and the college. Always, their dedication and help are appreciated. Sometimes they make the difference between a vision that couldn't have possibly become reality, and a beautifully executed plan. The following students assured the December capping/pinning and graduation ceremonies were seamless, and will be long remembered by the graduates and their families: Christopher Yen, Gary Humphries, Jason Hishon, Jessie Logerfo, Kelsey Graham, Rebecca Toms & Teresa Greene. Thank you for giving so much to Carolinas College. Never doubt the difference you make! (And thanks again to graduation marshals listed on Page One!)
