Carolinan HealthCare System

Thank you for choosing Carolinas HealthCare System for your healthcare needs. You are scheduled for an Annual Preventive Exam today and we want to provide you with some information regarding your visit.

What is part of preventive care?

Preventive care means that you and your doctor work together to lower your chance of getting certain health problems. During your visit, your doctor will choose what tests or health screenings are right for you. The tests chosen depend on your age, sex, past health record and your health now. As part of your visit you may have physical exams, immunizations, lab tests and other tests. Most health plans pay for these tests.

What is not part of preventive care?

New or current health problems are not part of preventive care. Your doctor can diagnose or treat any new or current health problem during your visit. Tell your doctor if you want that done. You may be charged for extra office or lab fees. This is a Carolinas HealthCare System policy. You will need to pay for some or all of the fees not covered by your health plan. Check your health plan to know what it will pay for.

You may want to keep your annual preventive exam apart from new or current health problems. We can set up a separate visit for you. You will still be charged for care and tests that are not covered by your health plan.

Thank you for letting us help you stay healthy.

REQUEST FOR TREATMENT AND AUTHORIZATION FORM
Carolinah HealthCare System Medical Group

REQUEST FOR TREATMENT. The Charlotte-Mecklenburg Hospital Authority d/b/a Carolinas HealthCare System (“CHS”) maintains certain providers, personnel and facilities needed in providing me medical care, and I authorize CHS, those providers and personnel to perform on me the care ordered by my providers. I understand that I have the right to be informed by my providers of the nature and purpose of any proposed treatment or procedure and any available alternative methods of treatment, together with an explanation of the likely risks and benefits associated with them. This form is not a substitute for such explanations. I acknowledge that CHS and its providers and personnel are not responsible for providing me this information for non-CHS providers. I consent to receive services by interactive audio, video, or data communications to carry out consultations, evaluations, screenings, diagnosis, treatment, monitoring, or other communications benefiting a patient if appropriate for my condition, and I understand the risks, benefits and alternatives of doing so. I choose to receive the services even if my insurance plan may not cover or continue to cover specific services, including the specific services rendered during medical treatment.

ASSIGNMENT OF INSURANCE BENEFITS. I/we hereby assign all my rights to CHS under any policy of insurance, including but not limited to, major medical insurance, hospital or outpatient benefits, sick benefits, injury benefits due to me because of liability of a third party, such as auto insurance or Workers’ Compensation insurance, and the proceeds of all claims resulting from the liability of the third party payable by any person, employer or insurance company to or for the patient up to the full amount of the medical bill, and hereby authorize direct payment to CHS and/or my providers of all benefits to which I am entitled. This assignment includes payment of hospital, outpatient, surgical, and medical benefits to any professional group contracted by CHS for professional services they may perform for me. In addition, I/we further warrant and represent that any insurance which I/we assign is valid insurance and in effect and that I/we have the right to make this assignment. I understand that I am financially responsible to CHS, my providers, and those professional groups or entities included in this assignment for amounts due that are not covered by this assignment. For example, I know that sometimes insurance companies will not pay for services ordered by my providers and which I have authorized. I understand that these payment denials occur for a variety of reasons. My insurance policy may not include the particular service as a benefit. In other cases, a service will not be covered by my insurance company because it decides the service is not necessary, despite my provider’s decision to order the service. In any event, even if a service is not covered by insurance, I agree to pay for all charges for all services rendered, including the specific services rendered as part of medical treatment. I further agree that in the event benefits paid under this assignment or any other amounts paid by me/us or on my/our behalf exceed the amounts due CHS, my providers, or those professional groups or entities for services in connection with this medical treatment, any such excess amount may be applied to any other indebtedness that I or my spouse or any child for whom I am financially responsible may have to CHS or any other facility or entity related to CHS, my providers, or other professional groups or entities included in this assignment.

NOTICE OF INDEPENDENT CONTRACTORS. I understand that CHS has contracted with certain independent professional groups for such groups to exclusively provide certain medical services at CHS facilities, including but not limited to radiology, anesthesiology, pathology, radiation oncology, and emergency medicine services. I understand that professional groups providing those services are independent contractors, are not employees or agents of CHS, and are not subject to control or supervision by CHS in their delivery of professional services.

USE OF MEDICAL INFORMATION AND COMMUNICATION. I understand that CHS, my providers and independent professional groups providing medical services can use my information for treatment, payment, and health care operations, as further outlined in the CHS Notice of Privacy Practices. As clarification, I understand that CHS and my providers may give any medical information relating to my medical treatment to my insurance company, governmental or charitable agencies and their agents, and professional review organizations with whom I may have insurance coverage or who may be assisting in payment of my medical treatment. I also understand that CHS and my providers may release any medical information to any health care provider or medical facility to which I may be referred or transferred for further medical care. I authorize CHS and my provider to take and produce pictures, recordings, and/or video of me for treatment and health care operation purposes. I can object to, or rescind my permission for, pictures, recordings, and video being taken or produced for reasons other than treatment and health care operations at any time. In addition, I authorize CHS and my providers to release any medical information necessary to prove CHS’s damages in any legal proceeding brought to enforce any unpaid balance on any of my accounts. I consent and authorize CHS and third party agents of CHS to contact me by telephone at any number associated with me, including a wireless number, and to use pre-recorded and/or an automatic dialing service in connection with any communication made to me or related to my account.

AUTHORIZATION TO RELEASE MEDICARE AND MEDICAID INFORMATION. I certify that the information provided by me in applying for payment under Titles V, XVIII and/or XIX of the Social Security Act is correct.
