CTSI Day 2026: From Research to Real-World Impact

A Celebrate Research! Event

OVERVIEW

Join us for CTSI Day 2026, a full-day, in-person event highlighting how the Wake Forest Clinical and Translational Science Institute (CTSI) resources accelerate discovery, strengthen community partnerships, and move research into real-world impact.

DETAILS

- ✓ **Expert-Led Sessions and Community Engagement:** Attendees can learn from distinguished speakers and leaders in research, communication, informatics, and aging, with sessions focused on topics ranging from maximizing research clarity and engagement to building community partnerships and supporting mentorship.
- ✓ **Interactive Learning and Networking:** CTSI Day features a full schedule of engaging workshops, poster presentations, and networking opportunities, allowing participants to gain hands-on insights, connect with experts, and foster collaboration across the enterprise.
- ✓ **Showcasing Translational Science Innovation:** The event highlights the infrastructure and resources driving Wake Forest University School of Medicine's leadership in translational science, including advances in research technology (such as REDCap), mentoring strategies, and real-world research impact sessions.

FEATURED SPEAKERS

Callie L. Brown, MD, MPH
Associate Professor of Pediatrics and Assistant Director, CTSI Community and Stakeholder Research Engagement Program

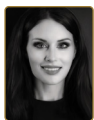

Parissa Ballard, PhD
Associate Professor, Department of Family and Community Medicine, Assistant Director, CTSI Community and Stakeholder Research Engagement Program

Bas de Veer, MS
Enterprise REDCap Manager
