

Clinical and Translational Science (CTSI) Day: Featuring Scholar Showcase

In Collaboration with Celebrate Research! 2025

Tuesday, March 18th

9AM to 4PM ET

Biotech Place, 575 Patterson Ave, Winston-Salem, NC

Key Highlights

CTSI Programs

Join us for mini sessions with CTSI Leaders as they tell our community more about services and resources we can offer to help investigators as they complete their research. These include REDCap Updates, Community-Engaged Research, Health Informatics, and Dissemination and Implementation.

Science of Translation Keynote Address & Lunch

What is the Science of Translation and how is the CTSI strategically moving forward in this space? Also learn about current Science of Translation studies happening right here at Wake Forest University School of Medicine.

CTSI Research Scholar Showcase

An exciting poster session for our research community to learn more about research funded by the CTSI from our K12, T32, Translational Research Academy, and Pilot Program Scholars.

Do not miss this chance to engage with expert speakers, connect with colleagues, and celebrate the incredible work happening across our institution.

Register today to secure your spot by clicking the box below to register.
