# Implementation Science (IS) Shared Resource

Are you looking to add an implementation aim to your grant? Do you want to learn more about implementation science? The Wake Forest CTSI Implementation Science (IS) Shared Resource provides investigators with:

- Guidance on implementation study design
- Integration of theories
- Models and frameworks
- Implementation planning
- Mixed methods research
- Stakeholder engagement
- Participatory research

The IS Shared Resource is equipped to offer free consultations, faculty matching services, and resource identification. More to come in 2025! Be on the lookout for announcements about additional implementation science services and resources!
