

Piedmont GYN/OB

We look forward to developing an on-going relationship with you. Our goal is to provide excellent Obstetrical and Gynecologic services for women of all ages in a friendly, welcoming, and professional approach to women's healthcare.

Piedmont GYN/OB delivers comprehensive healthcare for women from adolescence through menopause. Our board-certified physicians and certified nurse midwives provide services to women in Charlotte and upper South Carolina at three locations: Ballantyne, Steele Creek and Rock Hill.

In healthcare, quality is the great differentiator that enhances peace of mind and facilitates positive outcomes. As your healthcare providers, you entrust us with your greatest asset—your health. That trust is one we take seriously.

Our physicians and certified nurse midwives subscribe to the highest standards of care for our patients and continually monitor our practices against the best practices in our specialty. We believe in a team approach for your Obstetrical and Gynecologic needs. In our practice you may have interaction with our physicians and/or our certified nurse midwives in the office and the hospital setting. This team approach allows us to have an intimate "hands on" approach to your care. Whether you have a certified nurse midwife or a physician we are working together as a team with constant communication and collaboration throughout your experience in the office and the hospital setting.

Our practice is committed to excellence as both an expectation and a distinguishing characteristic. Carolinas HealthCare System and Piedmont GYN/OB take great pride in receiving designations and accreditations which signify excellence in virtually every aspect of medical care and customer service. It is our belief that our team approach with physicians and certified nurse midwives help us to achieve this characteristic in our care in women's health and obstetric needs.

Sincerely,

The Physicians, Certified Nurse Midwives and Staff of Piedmont GYN/OB
