Pastoral Theological Method in Pastoral Psychotherapy

Dates for this class: August 24-25, September 28-29, October 19-20, 2012: A three-weekend intensive class

Time: Friday – 2:00 pm – 9:00 pm and Saturday 9:00 am – 5:00 pm

Where: Carolinas College of Health Sciences, Rankin Education Center, CMC Campus (1200 Blythe Blvd., Charlotte 28203)

What is Pastoral Theological Method in Pastoral Psychotherapy?
This continuing education is an introduction to methods for integrating theological reflection and pastoral psychotherapy. Participants survey the historical and theological foundations for pastoral psychotherapy, its grounding and contextualization in congregational and specialized ministry, and its critical relationship to behavior and other sciences. Student will relate various methods to contemporary and inter-cultural contexts. Methods for critical reflection and decision-making will be applied to case studies and psychotherapy to foster the student’s own theological method. This course is designed to meet requirements for the American Association of Pastoral Counselors Fellow Body of Knowledge Area II. A.3. Pastoral Theological Method.

Why should I take this class?
Participants will learn the common approaches to theological methodology and develop a personal model which is applicable to counseling psychotherapy.

Who should attend?
Psychotherapists, professional counselors, and lay counselors/caregivers who desire to understand typical theological methods and develop a personal theological model.
