What is Pastoral Diagnosis in Pastoral Psychotherapy?
This continuing education course is designed to assist students in their ability to assess persons and systems utilizing learning style, developmental theory, systems, cybernetics, resiliency, and psychopathology as described in the DSM-IV-TR. Treatment strategies will be applied through case studies to religious understandings of person, functional theological norms, and pastoral roles and tasks. This course meets the requirements for the American Association of Pastoral Counselors Fellow Body of Knowledge Area II. A. 3. Pastoral Diagnosis.

Why should I take this class?
Participants will have the opportunity to learn to integrate the theological/spiritual lens with other perspectives of assessing person engaged in psychotherapy.

Who should attend?
Psychotherapists, counselors, lay counselors and caregivers who seek to inform their clinical assessment and response through an integration of theological/spiritual/faith perspectives.
