

## CMC-Randolph

CMC-Randolph in Charlotte, North Carolina provides a comprehensive range of inpatient, outpatient, community-based and emergency mental health services. Inpatient behavioral health treatment options include services for adults, adolescents and younger children. Our broad continuum of outpatient care features partial hospitalization programs, medication clinics and individual/group counseling. We are accredited by The Joint Commission and participate in Medicare, Medicaid and most commercial insurance plans.

CMC-Randolph employs specialists from a variety of behavioral health disciplines including board-certified psychiatrists, psychologists, social workers, psychological associates, and master's level clinicians and nurses. With access to the only dedicated psychiatric emergency department in the region, patients have quality emergency behavioral healthcare available 24 hours a day, seven days a week. Our uncompromising excellence and commitment to care gives patients more of everything. It's who we are at CMC-Randolph.
