Foundation Silver
Anniversary Celebration

In the blink of an eye, it's been twenty-five years Happy Silver Anniversary SRMC Foundation Donors!

The founders of the Stanly Regional Medical Center Foundation (*pictured at right*) had the remarkable vision, twenty-five years ago, to establish a Foundation endowment to provide funds to improve health care at Stanly Regional in the distant future. However, with rapid changes in health care and the economy, it didn't take but a few years for those needs in the "distant future" to become current needs.

The founding board realized that funds raised in our community for health care would help, but did they foresee the immeasurable impact on health care in our community? Did you, the donors, whose gifts made all the difference, have any idea of all the lives your gifts would touch? Your gifts saved lives, improved lives, and taught people ways to prevent illness and take better care of themselves.

Inside this issue of VISIONS, you'll find out exactly how your gifts accomplished so much good over the past twenty-five years. You're going to be pretty excited! And, you'll want to be part of the next twenty-five years as the Foundation deepens its efforts to vastly improve the health of our community.

(Seated l-r): Susan Garrison, Mary Lib Webb, Bill Mullinix, Laura Frazier, C.B. Crook & Mable Fox.
(Standing l-r): Michael Snyder, Marshall Rogers, Buck Hill, Doug Stokes & Donna Gaither.

(Seated l-r): Jane Lisk, Brinn Smith, Chris Vaughn, Lynn Poplin, & Catherine Moeller. (Standing l-r): Mike Snyder, Bob Beane, John Lowder, Rob McIntyre, Frank Green, MD, Ed Williams, DO, & Lee Johnson. (Not pictured): Andy Castellone, Sue Jordan, Richard Almond, Susan Stokes, & Dee Pankey.

Thank you to the visionaries who established the Foundation and thank you to the current board of directors, (*pictured above*) who continue to thoughtfully guide the Foundation forward. Most of all, thank you to every donor, for every gift, large and small. You have made all the difference.

Dancing with the Stars delights audience Raises over \$70,000 for the Butterfly House Children's Advocacy Center!

Excitement was in the air all summer as twelve "star" couples from Stanly County began practicing their moves and raising money in anticipation of the "Dancing with the Stars" event to benefit the Butterfly House Children's Advocacy Center at SRMC. When the big night finally arrived last September, there were no disappointments as dancers enthusiastically executed their moves for an appreciative – and generous –

audience. More than \$70,000 was raised for the Butterfly House which provides evaluation and supportive services for victims of child maltreatment including reported sexual and physical abuse and neglect.

This event was possible through the efforts of many volunteers; dancers, sponsors and folks behind the scenes, who worked tirelessly to raise funds, fill the Agri-Civic Center to capacity, and make it a memorable night.

All of the performances were terrific, but at the end of the night, the "dancing doctors" Yolanda Johnson, MD and Paul D'Amico, MD spun their way into winning the most individual votes for their cha-cha. Tonya Jackson and Brian Springer took second place in individual votes. Ann Pressly and David Jackson received first place in sponsor votes and

Cindy Brewer and Bobby Barbee, Jr. received second place in sponsor votes.

The true winners from the evening are the families who seek support and assistance at the Butterfly House for their children when they experience unthinkable acts of abuse.

Senior at AHS conducts successful "Butterfly Bash" fundraiser

A local senior at Albemarle High School, Madalyn Blalock, chose to complete her North Carolina Graduation project by planning and executing the "Butterfly Bash" a fun day for kids, to benefit the Butterfly House Children's Advocacy Center at Stanly Regional Medical Center.

The event was held on October 18th in the parking lot of ALL-4-FUN Inflatables. Prior to the event, Madalyn created and sold t-shirts with the help of local business, Vac and Dash. On the day of the event, she coordinated multiple events and activities to help raise money including pumpkin painting, face-painting, inflatables fun, corn hole games, a silent auction, and concessions. She also held a spirit night

at Zaxby's where 10% of the proceeds were donated back to the Butterfly House.

At the conclusion of her project, Madalyn donated \$2,696 dollars to The Butterfly House to support their programs. Hats off to this enthusiastic senior for making a difference in the lives of children in our community.

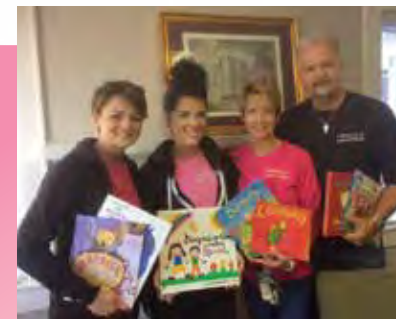

Madalyn Blalock, a senior at Albemarle High School, helping children paint pumpkins at her fundraiser for the Butterfly House last October.

MAKE A DONATION. MAKE A DIFFERENCE.

Donations make a real difference in the lives of real people.

Crystal's Books of Blessings

The family of Crystal Barbee with just a few of the hundreds of books they collected in memory of Crystal.

The family of Crystal Barbee, former Health Information Management employee at Stanly Regional Medical Center, continues to honor her memory through "Crystal's Books of Blessings." Crystal's family collects donations of books throughout the community and distributes them to sites where the books can be used. This year, through the Barbees' generosity, Stanly Regional received a large number of books which will be enjoyed in waiting rooms and at the Butterfly House Children's Advocacy Center.

The Stanly Society

The Foundation of the Foundation

Under the steady hand of C.B. Crook, a dedicated Stanly Society Committee continued its legacy in 2014 of bringing together people who wish to make a major impact in improving health care in our community. After twenty years as chairman, C.B. Crook recently retired from that position. He has been named Chairman Emeritus of the Stanly Society in honor of his significant contributions to the Foundation and local health care.

In 2014, the two couples below re-committed their support to the Foundation by pledging at the brand new \$25,000 "Patron" level of the Stanly Society:

C.B. & Betty Crook
John & Anne Montgomery

Three couples re-committed their support to the Foundation by pledging at the \$15,000 "Sustainer" level of the Stanly Society:

Brad & Jane Boone
David & Joan Horton
Art & Sandy Rogers

The Stanly Society welcomed one new couple who have committed their support to the Foundation by pledging at the \$10,000 "Charter" level of the Stanly Society:

Blake & Jamie Martin

The total number of leadership circle donors to the Foundation now stands at 186 couples and individuals. The Foundation, as well as the people who have benefited from these gifts, offer their grateful appreciation to these philanthropists whose generosity continues to inspire others to take up the banner of health and healing in our community.

If you would like to learn more about becoming a member of the Stanly Society, please contact Jane Boone at 704-984-4570 or any of the following members of the Stanly Society Committee:
C.B. Crook, Nadine Bowers, Jack Phillips, John Montgomery, Catherine Moeller, Steve Surratt, Bill Mullinix, Sue Jordan, Lynn Poplin, Brinn Smith and David Rudisill.

PLAY FORE THE CURE

2014 Play Fore The Cure Winners

October 10 was a beautiful day for golf - and a wonderful day for women - as the SRMC Foundation's "Play Fore the Cure" raised more than \$31,740 for free mammograms in our community. Eighty-four golfers enjoyed the course at The Tillery Tradition Country Club and an additional 75 diners enjoyed a steak and lobster dinner with all proceeds benefiting the cause. Volunteers from Stanly Regional helped the Foundation and Tillery Tradition make it a special day for guests.

BIKES. HELMETS. Christmas dreams come true!

Three radiologists and dozens of hospital employees at Stanly Regional Medical Center made holiday dreams come true by providing brand new bikes and helmets to 150 local children in conjunction with the annual "Helping Hands" campaign.

Radiologists Peter Gusmer, MD, Jack Green, MD, and Wade Wilkerson, MD have been teaming up with the Stanly Regional Medical Center Foundation and hospital employees for the past 12 years to provide bikes and helmets to children whose Christmas might need a little extra brightening. Bikes range from toddler bikes with training

wheels, to full-sized bikes with multiple gears. Bikes were distributed to the families on December 18, through Stanly Community Christian Ministries' "Helping Hands" program.

Over the years, the generosity of this group has made it possible for Helping Hands to put 1,406 bikes in the hands of underprivileged children who get to have the unique experience of waking up on Christmas morning to a new bike.

"These children are from families that are experiencing financial hardships," explained Jane Boone, Executive Director for Stanly Regional Medical

Center Foundation. "A bike means so much more to these children than a regular toy - it encourages kids to play outdoors and it means freedom and fun. It's the classic gift that every child should experience at least once at Christmas. We are so grateful to Drs. Peter Gusmer, Jack Green and Wade Wilkerson for spear-heading this wonderful event at Stanly Regional each year."

Foundation Welcomes Annual Giving Officer

The SRMC Foundation is delighted to welcome Rebekah Ayscue to its staff in the role of Annual Giving Officer. Ms. Ayscue is a graduate of Davidson College with a degree in Economics. Most recently she served as Assistant Director in the Special Events Office at Davidson where she organized and managed event logistics for the college. Prior to that, Ms. Ayscue was the Assistant Director in the Office of Alumni Relations at Davidson

where she worked with alumni and student volunteers to coordinate and implement homecoming and reunion weekends.

Ms. Ayscue recently completed a term on the Alumni Association Board for the North Carolina School of Science

and Math in Durham. She has also served as Moderator for Westminster Fellowship at Davidson College Presbyterian Church and completed a three-year term on their long range planning committee.

"Having previously served as an intern with the Stanly Regional Medical Center Foundation, we were well acquainted with Rebekah's leadership, aptitude with special events, and communication skills. We are excited to have her fresh ideas and energy as we seek to engage more people in supporting initiatives to improve the health of our community," stated Jane Boone, Executive Director of the Foundation.

In her free time, Ms. Ayscue enjoys taking classes at the YMCA, reading, spending time in the mountains, and writing letters to friends (yes handwritten!).

OUTDOORSMAN'S BONANZA

The twelfth annual Outdoorsman's Bonanza will be held Saturday, March 28, 2015. The prize package is the largest ever with over \$170,000 in prizes to be given away. The event will be held at Market Station (West Main Street) and will draw a crowd of thousands for the entertainment, food, and the cash and prizes to be given away at the event.

There will be special early-bird drawings at noon for those who purchase tickets before February 14 (in recent years, all tickets for the event have sold out before the February 14 early-bird deadline). The early bird drawings include a John Deere Gator, two drawings of \$2,500 each and nine drawings of \$1,000 each. The twelve (early bird) winning tickets will go back in the drawing for the grand prize drawings starting at 12:35 pm.

The grand prize drawings include a 2015 Chevrolet 4x4 Crew Cab Truck, as well as guns, cash, Harley Davidson motorcycles, a Sea-doo, an additional John Deere Gator, a Honda TRX, EZ-GO Mossy Oak camouflage golf cart, and more! The 2015 Chevrolet 4x4 Crew Cab truck is on display at Friendly Chevrolet Buick in Albemarle.

Doors will open the day of the event at 11:00 am and ticket holders do not have to be present to win. Only 3,400 tickets will be sold for this year's Outdoorsman's Bonanza and, as mentioned earlier, tickets sold out last year before February 14. Bonanza tickets are \$100 each (cash or check only) and may be purchased (if still available) at the Albemarle Downtown Development office located inside City Hall on Second Street in Albemarle. All proceeds from the bonanza benefit *The Stanly Regional Medical Center Foundation*, the Albemarle Downtown Development Corporation and the Stanly County Shrine Club. Visit www.outdoorsmansbonanza.com or call 704-984-4570 for more information.

A look at 2014...by the numbers

Generous giving continues steady climb for fourth straight year

- Total donations to the Foundation in fiscal year 2014, which ended September 30, 2014: **\$366,482**. This represents a 3% increase in donations over the previous fiscal year and marks the largest year for donations in the Foundation's 25-year history!
- The Foundation acquired private grant dollars on behalf of Stanly Regional totaling **\$160,069** last year. This included a \$69,181 grant from the Cannon Trust, a \$9,000 grant from the National Children's Alliance, and an \$81,888 grant from the NC Governor's Crime Commission – all for operating costs at the Butterfly House.
- Income from interest & dividends on the Foundation investment account for the 2014 fiscal year totaled **\$197,282**.
- **Carolinas Healthcare System (CHS)** donated \$2 million in cash to the Foundation last year when the hospital merger took place. In addition, CHS donated three pieces of property which the Foundation subsequently sold for a grand total of \$452,230 (of the properties sold, only one closed before our fiscal year ended, bringing in income of \$324,350).
- Total income for the Foundation including donations, grants & investment income was **\$3,048,183**.

The Foundation Board of Directors and staff are ever-grateful to our donors who continued to make health care a priority in their charitable giving in 2014. We look forward to partnering with you to continue our mission of raising funds to improve patient care and the health of our community in the coming year!

Your Will

I want to remember Stanly Regional Medical Center Foundation in my will. How do I accomplish this?

The process of making a provision in your will for Stanly Regional Medical Center Foundation is simple. You can include a charitable bequest when you

create your will, or you may add or update a bequest later with a codicil.

A common mistake

It's important to precisely identify our organization. By avoiding generalities in naming our charity, you alleviate confusion and help ensure that your donation helps others.

Safeguarding your plans

Although it is not required, making us aware of your bequest is very helpful. By informing us of your wishes, we can recognize you for your thoughtful generosity and better plan for the future. In addition, we have special ways of recognizing people who have

named us in their wills. If you wish to restrict your gift for a specific program at Stanly Regional, by making us aware of your bequest, we can talk with you and make sure the intentions of your gift are followed to the letter.

Change your mind at any time

We realize that circumstances change, and your gift to us in your will or trust may no longer be possible at some future date. Your family and friends come first, and that's why a bequest works for so many of our supporters – you can change your mind as circumstances in your life change.

Same Day Surgery Center

A young patient in the Same Day Surgery Center at Stanly Regional gets acquainted with a snuggly stuffed animal picked especially for her – and funded with your generous gifts to the Foundation.

Over the years, your gifts to the Foundation have provided more toys than you'll find in a Disney store for children awaiting surgery in the Same Day Surgery Center at Stanly Regional. These children often feel poorly and are anxious at finding themselves in an unfamiliar environment. The nursing staff finds that giving a child a new stuffed animal friend or a game to play can provide the perfect distraction. Thank you for making life a little happier for sick kids (and their worried parents) at Stanly Regional!

Foundation Friendship Day

A cold day right before Thanksgiving was the perfect time for Foundation staff to offer a warm "thank you" to Stanly Regional teammates for their support of the Foundation. "Foundation Friendship Day" has become a holiday tradition for employees to stop by the gallery and enjoy a cup of hot chocolate, cookies and heartfelt thanks!

Walk to Change Diabetes

A participant in the "I Walk to Change Diabetes" event, funded by the Foundation, with a poignant sign expressing her reasons for walking.

The Foundation provided funding in November for the Outpatient Diabetes Center at Stanly Regional to host the eighth annual "I Walk to Change Diabetes" event. This event, which draws more than 150 people, brings greater awareness and attention to pre-diabetes and diabetes in our community. It celebrates healthier living and promotes resources for those affected by diabetes.

Foundation Welcomes Four New Board Members

Chris Vaughn

Chris and her husband, Tommy, live in Norwood. Chris has been a nurse for over thirty years and has served as the Executive Director of the John P. Murray Community Care Clinic for the past ten years. The Vaughns have three grown children and one grandchild. Chris enjoys spending time with her family and is an avid football fan.

Lynn Poplin

Lynn is a retired school teacher and lifelong resident of Albemarle. Lynn and her husband, Gerald, have a son and daughter and relish spending time with their three grandchildren. Avid animal lovers, the Poplins share their home with three pugs and a Siamese cat. Lynn also enjoys spending time as a youth volunteer at church.

Rob McIntyre

Rob and his wife, Catherine, just welcomed their first baby, a daughter, last month. Residents of Albemarle, Rob is a Professional Engineer and works for Chambers Engineering in Albemarle. He also serves as assistant basketball coach at Albemarle High School and in his spare time, enjoys the outdoors, playing sports, and spending time with family and friends.

Brinn Smith

Brinn and her husband, Jeff, are beginning a new adventure as residents in the Valley Drive community. The Smiths enjoy traveling and spending time with family, friends and their two grandsons. Recently retired as a principle at Bear Insurance, an Albemarle business started in 1953 by her father, Bear Knotts, Brinn is an active volunteer with many local organizations.

It was difficult to say goodbye to retiring board members – Sue Bohnsack, Carol Sullivan, and Steve Cumming. The Foundation is indebted to these individuals whose contributions and leadership to the Foundation Board over the last six years, and beyond, have been immeasurable. The Foundation has added a plaque to a bench in the Family and Education Center courtyard with the names of each former board member to commemorate their years of service.

Gifts in Honor and Memory of...

The following gifts were gratefully received between July 1, 2014 and January 15, 2015 in honor and in memory of friends and family.

or mail to: SRMC Foundation, PO Box 254, Albemarle NC 28002

Stanly Regional Medical Center Foundation Announces Two Scholarship Opportunities for 2015

College students will have two opportunities to apply for scholarships in 2015 from the Stanly Regional Medical Center Foundation to help support their studies in health care.

The Roy and Lou Hinson Scholarship will provide a two-year award totaling \$2,500 to help defray the cost of tuition for a Stanly Health Services employee, a dependent of an employee, or a resident of Stanly County who will have completed at least two years (60 hours) of undergraduate study by the end of the spring of 2015 semester with a cumulative undergraduate GPA of 3.5 or higher. The student must be accepted into a course of study for the fall of 2015 in the medical/health care field – in pursuit of an undergraduate degree, master’s degree or medical school/doctorate.

The Hinson Scholarship celebrates the late Roy Hinson’s 41 years of dedication to healthcare in Stanly County through his service at Stanly Regional Medical

Center. It also celebrates his wife, Lou, who is retired from public education and was a supportive partner to her late husband, Roy.

The Stanly Regional Medical Center Foundation C.B. Crook Family Scholarship will provide a one-year award of \$4,000 to help defray the cost of tuition for a student from Stanly or Montgomery County who will have completed two years (60 hours) of undergraduate study by the end of the spring 2015 semester with a cumulative undergraduate GPA of 3.0 or higher. The student must be accepted into a course of study for the fall of 2015 in the medical/health care field – in pursuit of an undergraduate degree, master’s degree or medical school/doctorate.

The C.B. Crook Family Scholarship honors the philanthropic work of C.B. and Betty Crook. “The Crooks have been leading donors to the Stanly Regional Medical Center Foundation since it was first organized in 1990,”

stated Jane Boone, Executive Director of the Foundation. “C.B. served as chairman of our major donor circle, the Stanly Society, since it first launched over twenty years ago and he continues to be instrumental in growing this group – now to a membership of over 186 couples and individuals. The donations from Stanly Society members have created a broad financial base from which to draw interest income to fund countless programs, projects and services at Stanly Regional Medical Center to improve the health of our community.”

THE DEADLINE FOR BOTH SCHOLARSHIPS IS THURSDAY, MARCH 19, 2015.

Complete details, criteria and applications are available by calling Jane Boone, Executive Director, at 704-984-4570, by emailing jane.boone@stanly.org, or by visiting www.stanly.org

Your gifts to the Foundation reach over 4,200 children every year through the “Passport to Fitness” program

The Foundation has provided \$522,608 in grant funds to the Disease Management/Health Promotion Department at SRMC. This grant money has been used to improve the health of our community in a multitude of ways including stroke prevention, parish nursing, diabetes prevention & treatment, manikins and trainers, healthy lifestyle programs in all Stanly County elementary schools (known as “Passport to Fitness”), obesity prevention programs, resource guides, a pediatric

health expo, scholarships for low income individuals to attend health management classes, health appraisals, screenings, two “Wellness Wagons” for community outreach, and more. Your gifts make a direct impact on funding these programs that reach out across all age groups to help individuals live healthier lives.

Students get hands-on experience learning how hard their hearts work pumping blood through their system and why it's important to keep your heart healthy in a recent “Passport to Fitness” program, funded with your donations to the Foundation.

Stanly Regional
Medical Center Foundation

MISSION

The Stanly Regional Medical Center Foundation exists exclusively for the benefit of Stanly Health Services. Its principal purpose is to identify, solicit, record, manage and disburse gift income from the private sector to ensure exceptional community-based health care.
